Profile

I am a motivated second year Software Engineering student at the University of Western Ontario with a strong foundation in programming (C++, Java, JavaScript) as well as hands-on project management experience. Skilled in creative thinking, problem solving and team collaboration.

Experience

ASSISTANT PROJECT MANAGER | KONSTRUCT21 | APRIL 2024 – AUGUST 2024

- Assisted in the design process and ideation of clientele inquiries, with the focus of identifying and implementing innovative solutions to guarantee client satisfaction.
- Gained hands-on contracting experience in coordinating multiple aspects of project management, as well as problem solving skills.

MEMBER SERVICES ATTENDANT | MEADOWBROOK GOLF AND COUNTRY CLUB | APRIL 2023 – AUGUST 2024

- Coordinated with back shop team members and upper management to streamline daily operations and efficiently address issues for 500+ members and guests
- Assisted in the setup and smooth execution of tournaments and special events by maintaining a high attention to detail and timelines.
